Introduction

What is the purpose of a Community Audit?

East Hunsbury is fortunate to have a thriving community full of active residents, and while we all know where Tesco is and what it sells, or where the nearest doctors is, there are lots of other facilities and businesses operating in the parish that we may be unaware of.

A Community Audit seeks to record the facilities, community groups, and essential services that operate within our parish. Businesses have been included where they fall within a particular category.

This will enable all of these different elements to build a local network and will help the parish council to develop community engagement, emergency planning and strategic growth.

What does it include?

We have included details of all facilities, groups, and businesses (that we are aware of) which are within the East Hunsbury parish boundary. Where there are useful services that are outside of the parish we have included these marked with an asterisk (*).

Community Input

The parish council intend to consult on the contents of the Community Audit to ensure that we have captured all relevant information.

The parish council will be seeking suggestions from residents for facilities they would like to see in East Hunsbury.

Copies of the Community Audit will be available on our website.

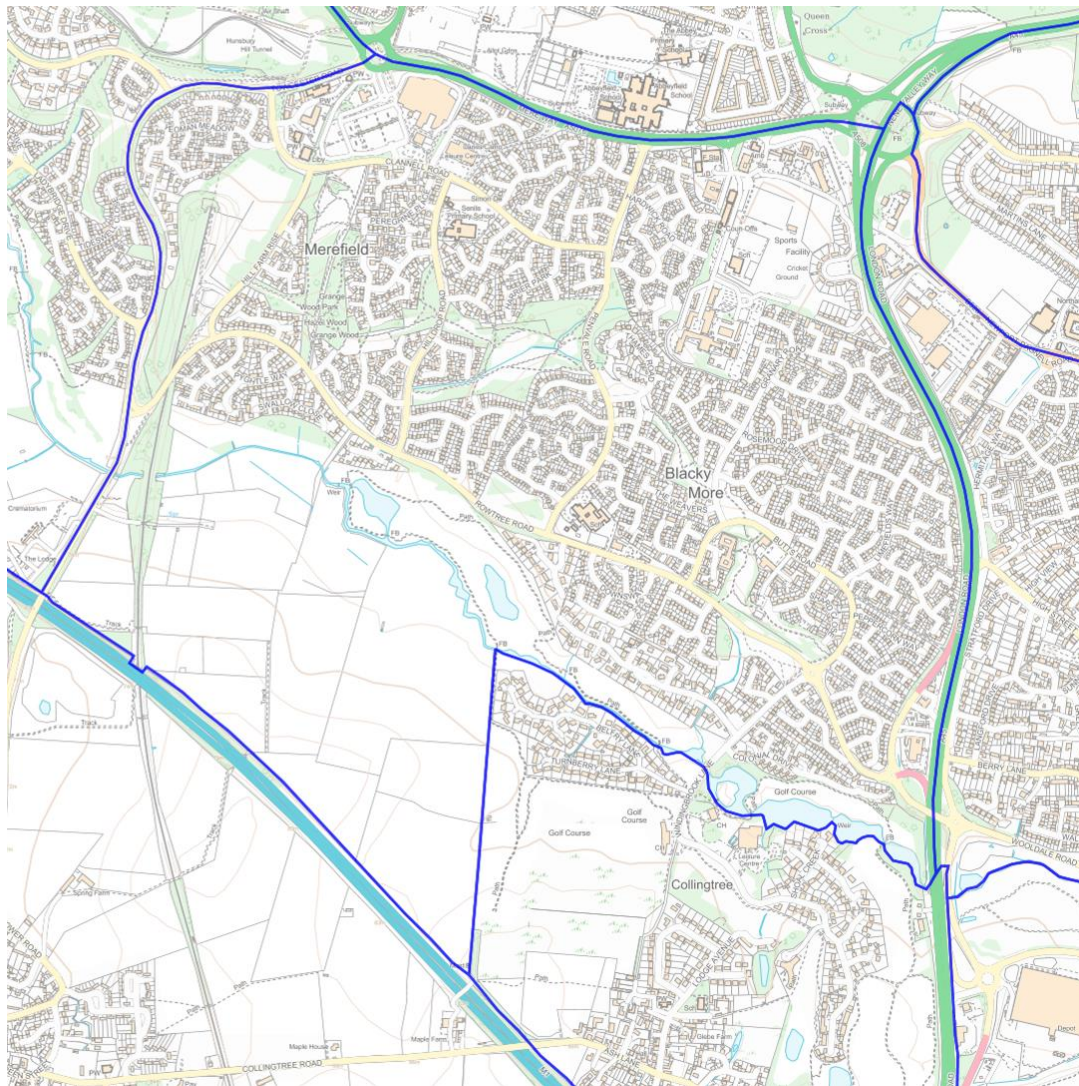

About East Hunsbury

East Hunsbury is a large residential area to the south of Northampton, made up of 4,307 properties and an electorate of 7,431.

This is expected to grow considerably over the course of the next 5 years as the Collingtree Park development is completed, with approximately 1,000 new homes being built within the East Hunsbury parish boundary.

East Hunsbury is ideally placed having good road links to via the M1 and A45, and therefore many residents travel outside of East Hunsbury for work. However, there are an increasing number of home workers, and residents who run their own businesses as well as young families and retired residents.

Wish List

East Hunsbury is fortunate to have a good number of facilities, services, and groups within the parish, but what are we missing?

Is there an important group or facility that we don't have, that would benefit residents?

Let us know what you would like to see in East Hunsbury so that the parish council can consider the suggestions for future development.

Good Neighbours scheme?

Allotments?

Post Office?

Please complete the online consultation about the Community Audit to tell us what you think.
