

NOTES OF THE MEETING HELD ON 6th June 2022
VISTRY, EAST HUNSBURY PARISH COUNCIL AND COLLINGTREE PARISH COUNCIL

Attendees

Cllr Claire Douglas – East Hunsbury PC
Caroline Holgate – East Hunsbury Clerk
Cllr Sharon Collins – Collingtree PC

Windingbrook Lane Junction

Meeting still to be arranged with Northamptonshire Highways to discuss any remedial works and scope based on differing views due to changes in personnel
New Windingbrook Lane street name plate erected to avoid confusion to delivery drivers etc caused by the new junction layout

Cllr Collins asked whether a 'No Through Road' sign will be erected. PC said that he didn't think one had been specified as part of the new works due to the 'No Through Road' being indicated at the entrance to Windingbrook Lane off Rowtree Road.

Archaeology

Works have commenced on site and will be ongoing until potentially November depending upon weather and the extent of 'finds'
It was noted that the fencing preventing access from the footpath had been deliberately cut with a section of fencing being removed. The panel is to be replaced.

Footpath – General

Starting to become overgrown in places. PC advised it might benefit from cutting back in places but is concerned as to the extent that would be acceptable to the local community. Nesting birds will also need to be considered if works are to be undertaken prior to September 2022.

Once again PC advised the 'walked route' of the footpath is not on the route as indicated on the Definitive Map.

It can clearly be seen the alignment of the road to be constructed on site together with the visitor parking bays. This provides a clear demonstration as to why the trees , scrub etc had to be removed.

Footpath – Bridge

Replaced

Planning Application – Phase 2a Infrastructure (WNN/2022/0370)

Comments from Consultees were due by 6th May. Currently the comments from both highways and the LLFA are outstanding.

PC advised that until approval is given to the above it is not possible to divert the drain which runs through the Phase 2 land which is believed to have contributed to the historical flooding.

Post meeting note – Cllr Gonzalez de Savage has been contacted and he is chasing through with the Head of Planning
